December 15, 2015

Dear Friend,

As you know, I hosted an informational meeting for the community about Lehigh Quarry and Cement Plant on November 4, 2015. I was joined by about 125 community members who had an opportunity to ask questions of the assembled panel comprised of twelve individuals from six different governmental regulatory agencies.

While the meeting lasted two hours and we covered a lot of ground, we couldn't get to all the questions. I asked my staff to reach out to the panelists and see if they wouldn't mind answering the questions we didn't get to. I'm pleased to say that the answers to those questions have been provided, and can be found on both my website (www.supervisorsimitian.org) and that of County Planning (www.sccplanning.org – development projects/previous projects/Lehigh).

I've also posted a list of the questions that were asked and for the most part answered at the meeting, and there is a link to the tape of the meeting, as well where you can hear answers to those questions.

While we've certainly done our best to ensure there are no errors in the materials provided, please feel free to let us know about any you might come across; and, time permitting, we'll do our best to respond.

Sincerely,

Joe Simitian
County Supervisor, Fifth District
