

County of Santa Clara

Department of Planning and Development

BUILDING LOCATION CERTIFICATION

To be filled out by licensed Land Surveyor or registered Civil Engineer.

I have measured the location of proposed new perimeter walls and/or other pertinent features, and the location of foundation forms in relation to closest property lines located at

(Address) _____ on Date _____

I have reviewed the plans on site bearing the approval stamp of the County of Santa Clara prepared by _____ and dated _____

and find that the structure is located in accordance with the setbacks shown on the approved plans.

Signature _____ LS/RCE _____ Date _____

CERTIFICATION MUST BEAR AN ORIGINAL WET STAMP AND SIGNATURE TO BE VALID.

Affix stamp here

IMPORTANT INFORMATION FOR OWNERS AND BUILDERS

1. Completion of this form is required to be completed, signed, and stamped by the licensed survey professional prior to requesting any inspections
2. The signed and stamped certification form is required to be uploaded to the permit record through the Insite portal prior to requesting any inspections
3. DO NOT demolish and/or rebuild any foundations/slabs, walls, or roof structure(s) that are shown as "Existing to Remain", or are not identified in the plans to be demolished without first submitting revised plans and receiving an approved revision permit.
4. A hard copy and wet stamped copy of this form is required to be kept and available onsite along with all other construction documents and drawings

NOTE: Failure to comply with item No.3 could result in additional Planning/land use entitlements, public notice and/or hearings, fees, modifications to project designs/locations, or environmental review pursuant to the California Environmental Quality Act.
