APPLICATION FOR REASSESSMENT OF PROPERTY DAMAGED BY MISFORTUNE OR CALAMITY

California law provides property tax relief for taxpayers whose property was damaged or destroyed. This property tax relief is available to owners of real property, business equipment and fixtures, and to owners of aircrafts, boats or certain mobile homes. Damage to personal property, such as household furnishings, or to growing crops is not eligible since they are not assessed for property tax purposes. This program requires reassessment of the property to reflect its damaged condition, and the subsequent reduction or partial refund of the current year's taxes. After the property is fully repaired, owners will retain their previous base year value if the property is rebuilt in a like or similar manner. Property suffering a gradual deterioration over a long period of time does not qualify.

Eligibility requirements:

1. The damage is equal to or greater than \$10,000 (Market Value).
2. The damage is sudden, caused by a misfortune or calamity and not the fault of the property owner.
3. The application must be submitted to the Assessor's Office within 12 months from the date the damage occurred.

In order to process your claim as soon as possible, please document the property damage, including proof of the date that the damage occurred, and the cost to cure it with:

- **Official Damage Report (i.e. Fire Department Report and/or Insurance Report)**
- **Photographs**
- **Contractor's Estimates and/or Contract for Repair**

Property tax relief for the calamity can't be given without documentation of the loss.

NOTE: It is important to understand that this program provides proportional amounts of property tax relief. In many cases, the savings may be significantly less than 1% of the damage amount due to the fact that assessed values set pursuant to Proposition 13 may be considerably lower than current market values.

Example:

The following example assumes a \$20,000 loss to improvements, a six month period for repairs, assessed values on the tax bill of \$75,000 on land and \$150,000 on the improvement, market values before the loss of \$150,000 on the land and \$200,000 on the improvements and an approximate tax rate of 1.15%.

$\$20,000 \div \$200,000 =$	10%	X	$\$150,000$	X	1.15%	X	$6 \div 12 \text{ months} =$	\$86.25
Loss \div Market Value Of Improvements =	Ratio Of Loss To Market Value Of Improvements	X	Assessed Value of Improvements	X	Approximate Tax Rate	X	Repair period (months \div total months in fiscal year) =	Tax Dollar Reduction
