Supervisor Spangler initiates discussion of the Kaiser-Permanent Cement Company operation in the Los Altos Hills area and suggests that the County and said company try to resolve this matter. Mr. Spangler states that the quarrying on Monte Bello Ridge affects the entire north end of the County. On motion of Supervisor Spangler, seconded by Supervisor Mehrkens, it is unanimously ordered that County Counsel be requested to meet with the attorneys for Kaiser-Permanente Cement Company in an attempt to arrive at an understanding as to the extent to which the Monte Bello Ridge will be removed.
