Date: Monday, January 30, 2023 6:52:02 PM

Hi Lara,

We are inquiring about the Directors Hearing regarding PLN17-10080 that is scheduled for Jan 31 at 2:00 pm.

Is there opportunity for public comment during this meeting? We may not be able to attend and wanted to understand the agenda for this meeting. Our property borders this parcel and we are concerned that this project/house would be affecting our privacy as it would be on the ridge/hill behind our house.

We understand they would like to build and would just prefer that they move the project toward the west side of the property, on the other side of the ridge.

Thank you
