Date: Wednesday, January 4, 2023 2:13:36 PM

Hi Charu,
We agree to a 90 day extension on the project.

Subject: PLN21-222_Vista De Lomas Agricultural Research Facility_Extension of Time_Permit Streamlining Act Deadline
Importance: High

Hi Amanda,

The Vista De Lomas Agricultural Research Facility project (Record No. PLN21-222) was deemed complete for processing on July 12 , 2022, with a decision deadline of January 12, 2023 (Permit Streamlining Act). As discussed on call this morning, to address comments received on the circulated CEQA Initial Study/Mitigated Negative Declaration prior to the Zoning Administration hearing (where a decision on the project and CEQA document will be rendered), County Staff is requesting a one-time, 90-day extension to the Permit Streamlining Act decision deadline. Please provide a response by tomorrow, January 4th, 2023.

You can respond to this email with the following (voluntarily): “The Applicant is granting a one-time, 90-day extension of time to the Permit Streamlining Act for Record No. PLN21-222.”

Let me know if you have any questions.

Best,

Charu Ahluwalia | Senior Planner
