Mr Hilbrants

I live on the property next to 3745 Norwood Creed Rd. My property is 3755 Norwood Creek rd. We share a water well. Mr Saini had a test done on our water well and was told that our water well will not support the house he wants to build and should find another source of water. Mr Saini has the report written by Bruce Barton Pumps.

I just looked at the design and it shows the property is getting water from the well we share. He was told by Bruce Barton Pumps that the well we share will not support the house he wants to build and was told he needed to get his own well if he wishes to build a house that big.

If this project continues without Saini getting his own well I need to inform my attorney.

Please get back to me. Via e-mail or phone call. I have tried several times to get in touch with you since I received the first notice about 2 years ago.

Thank you

Hi Mr Hilbrants

I live on the property next to 3745 Norwood Creed Rd. My property is 3755 Norwood Creek rd. We share a water well. Mr Saini had a test done on our water well and was told that our water well will not support the house he wants to build and should find another source of water. Mr Saini has the report written by Bruce Barton Pumps.

Just concerned about the water well.

Thank you
