FILE NUMBER: PLN23-206

SUBJECT: Administrative Design Review for 1,335 sf new additions to existing home: (N) 625 sf garage, (N) 505 sf living space, (N) 120 sf covered porch, and convert 85 sf (E) garage to living space.

SITE LOCATION: 16431 Matilija, Los Gatos, CA 95030 (APN: 510-30-003)

DATE RECEIVED: November 9, 2023

Dear Megan Miner,

Your application for Administrative Design Review of 1,335 sf new additions to existing home located at 16431 Matilija, Los Gatos (APN: 510-30-003) was received on the above date and is deemed **incomplete**. For the application processing to resume, you must resolve the following issues and submit the information listed below. Resubmittals are made via the internet, to do so, follow the instructions at the following URL: <https://plandev.sccgov.org/how/apply/permit/planning-resubmittal-procedures>. Before resubmitting, please consult me as this process is dynamic and at the time you choose to resubmit the process may have changed and/or been enhanced. The resubmitted materials must include all requested information. Once the information is submitted, the Planning Office will distribute the plans, reports and/or information to the appropriate staff or agency for review.

If you have any questions about the information being requested, please call the person whose name is listed as the contact person for that item. They represent a specialty or office and can provide details about the requested information.

AS NOTED ABOVE, PRIOR TO RESUBMITTAL PLEASE E-MAIL ME TO DISCUSS THE PROCESS.

Please submit *all* electronic copies of the revised plans/resubmittal documents (PDF) with a written response letter addressing each incomplete comment.

4. Please complete and sign the [Master Application Form](#).

Application provided in resubmittal email

5. A requirement on the design review checklist is to submit a completed Well Information Questionnaire, which was not included in the submittal. Please submit a completed [Well Information Questionnaire](#).

Well Questionnaire provided in resubmittal email

6. A requirement on the design review checklist is to submit an [evidence showing legal creation of lot](#), which was not included in the submittal.

Grant deed included in resubmittal email

7. A requirement on the design review checklist is to submit a [petition for exemption from Environmental Assessment & Applicable Fee Form](#), which was not included in the submittal.

Form provided in resubmittal email

8. Design Review projects require cross sections with the submittal to verify compliance with the design review provisions. Cross sections are to be provided through the highest portions of the buildings.

2 cross sections provided

9. Design Review projects require color samples to be indicated with the submittal to verify compliance with the design review provisions. Submit color samples indicating that the light reflectivity value (LRV) of exterior surfaces shall not exceed 45. Refer to the color/materials board. Please include the manufacturer's information for staff to verify.

Updated design samples to meet 45 LVR. See exterior elevations.

10. Include an earthwork quantity table for any grading associated with the project. Provide the breakdown of total earthwork quantities (cut/fill in cubic yards and associated vertical height) for the various improvements.

NO grading and drainage plan required due to amounts being under 2,000

11. Please clarify if any tree removal is proposed. If no tree removal is proposed, add a note "no

tree removal is proposed” on the cover sheet. Otherwise, provide the species/common name and trunk sizes of all existing trees to be removed in table format and include the table in the plan set.

Not provided on coversheet for no tree removal

Page 2 of 5

12. Pursuant to section [C1-22](#), alterations that result in demolition of more than fifty (50) percent of the lineal feet of existing legally established exterior and interior walls shall be classified as a "rebuild." The lineal footage calculations shown on sheet 14/27 of the plans propose a demolition of 523 lineal footage of existing exterior and interiors walls. The calculations however differ from the submitted Rebuild threshold table. Please update the rebuild threshold table with the correct information and ensure that proposed demolition of existing walls do not exceed the (50) percent threshold.

Rebuild calculation provided and walls do not exceed 50%

ENVIRONMENTAL HEALTH

Contact Jeff Camp at (408)-918-3473, Jeff.Camp@deh.sccgov.org regarding the following comments as Darrin Lee is out of the office at the moment:

13. Provide a will serve letter from local water purveyor/water company verifying service to new development.

Will Serve letter provided

14. If this development is to be served by urban sanitary service provider, then please provide a sewer permit or letter from sanitary sewer provider verifying service to the new development. Existing septic tank and leach field will need to be abandoned per County Building Department requirements. OR
15. If development is to be served by existing septic system, then accurately locate and show the existing onsite wastewater treatment system (septic tank and dispersal field) on a revised site plan. For assistance in locating the existing onsite wastewater treatment system (OWTS), follow the provided link and complete the online request form to obtain an as-built drawing for the subject property/ septic permit #21344. After obtaining an as-built drawing, overlay the as-built information onto a revised site plan to be submitted to Environmental Health.

Hi Megan,

This address is already being served by WVSD and has been connected to public sewer scene 2016 under WVSD permit 43291-000. I think what they are looking for is a permit from WVSD for this new project.

Permit issued and uploaded

16. Apply for and receive a recommended approval stamp/ septic clearance from the Department of Environmental Health. This is a separate submittal to Environmental Health and subject to the completion of the “Land Use Plan Review Application” and payment of applicable fees.

Follow the provided hyperlink to the online application form: [Plan Check Application Form \(sccgov.org\)](#). Note: If staff determines the project requires additional testing for OWTS feasibility, the project owner /applicant will be directed to complete an additional service application for OWTS feasibility and pay the required fees prior to commencement of work and/or testing activities.

Document provided to portal

For further information related to septic clearance and/ or the procedures to receive septic system clearance, follow the provided hyperlink: [Application for Septic/OWTS Clearance for Building Additions and Accessory Structures - Consumer Protection Division - County of Santa Clara \(sccgov.org\)](#).

17. Submit the completed service application to DEHLandUse@deh.sccgov.org. A project number and a land use specialist will be assigned to your project.

Page 3 of 5

18. Upon receiving septic/grading clearance from the Department of Environmental Health, upload the approved plans to the DEV record via Accela's public portal. \\\

Document provided to portal

19. Septic/ Grading clearance is required even if there is no plumbing involved with the project. The plans must be evaluated to ensure all setbacks to the onsite wastewater treatment system are met.

Document provided to portal

LAND DEVELOPMENT ENGINEERING

Contact Darrell Wong at (408)-299-5735, Darrell.wong@pln.sccgov.org regarding the following comments:

20. Please provide a table of the estimated earthwork quantities per C12-424(g). Quantities should be separated into the different bodies of work for the project.

Grading less and 2000 sqft and Grading and drainage permit not required

21. Please provide a table of the estimated increase in impervious areas that are created as a part of the development. The net change in impervious areas shall be clearly stated on the plans. The impervious area quantity shall include the addition to the house as well as the expanded driveway area.

Table provided to show 1500 sqft of impervious impact

22. Please show the limits of the disturbed area as a result of the proposed development. Include the disturbed areas of the septic field and any stockpile areas as well.

This property is sewer not septic

23. Show all of the existing and proposed utilities on the plans.

Utilities all shown on TOPO

24. The proposed development impacts drainage flows and appears to increase the impervious area of the development greater than the exempt amount, thereby not meeting the exemption requirements of Section C12-407 of the County Grading & Drainage Ordinance.

Grading less and 2000 sqft and Grading and drainage permit not required

Please provide a Drainage Plan that demonstrates the following items:

- a. the site can be adequately drained,
- b. the proposed development will not cause problems to the nearby properties, c. the on-site drainage will be controlled in such a manner as to not increase the downstream peak flow or cause a hazard or public nuisance. If this cannot be demonstrated, provide a detention system pursuant to the Design Guidelines in Section 6.3.3 of the 2007 Santa Clara County Drainage Manual.

25. Please include all applicable easements affecting the parcel(s) with benefactors and recording information on the site plan.

All easements included and not impacted as garage was changed to detached to meet setbacks

26. The setback to the garage appears to be taken from the property line, and not the edge of the ingress egress easement. Please clarify with the Planning Office the proper setback requirements.

All easements included and not impacted as garage was changed to detached to meet setbacks

FIRE MARSHALL OFFICE

Contact Alex Goff at (408) 299-5763 or alex.goff@sccfd.org regarding the following comments:

27. Provide a Response Letter addressing comments below. Provide sheet that comments were addressed. More comments may be made when more information is supplied.

28. Per the County Ordinance, fire sprinklers are required when an addition greater than 500 sf. is proposed and the entire covered area is now greater than 3,600 sf. Fire Sprinklers are to be listed as a deferred submittal for the entire home and attached structures (such as the garage).

Deferred submittal listed on coversheet

29. Plans are to show a fire hydrant located within 600 ft. exterior path of travel to all portions of

fire sprinklered structure. [CFC Section 507.5.1]

Provided fire hydrant location

30. Plans to show hydrant as (N) or (E) and standard or wharf hydrant.

Provided fire hydrant location

31. Provide fire hydrant flow data for hydrant located within distance requirements. Data to be recorded within 1 year and show a minimum of 1,125 gpm is available at 20 psi. [CFC Table B105.1(1) and Table B105.1(2)]
- a. Contact water purveyor for flow data.
 - b. Flow requirement has been reduced by 50% due to fire sprinkler.

Provided fire hydrant flow-

32. Plans to show minimum access road (portion of access serving 3 or more parcels) drivable width of 18 ft. per CFMO-A1. [CFMO-A1 Section II.A.2]

Showed Minimum access on proposed siteplan

33. Fire department turnaround meeting CFMO-SD16 needed if driveway or dead-end road is greater than 150 ft. in length. Plans to clearly label the turnaround and show the dimensions. [CFMO-A1 Section II.C and CFMO-SD16]

Showed turn around proposed siteplan

Prior to resubmittal, please feel free to contact me to schedule an appointment.

Please make sure the requested changes are made for the revised plan sets and documents that are needed for the resubmittal. **Resubmittals are only accepted by appointment with the assigned project planner.** If the requested information is not submitted within **180 days**, you will be required to pay a fee of 10% of the application fee at the time the information is submitted. All requested information must be submitted no later than **one (1) year** from the date of this letter. **PARCIAL RESUBMITTALS WILL NOT BE PROCESSED.** Fees required at the time of the resubmittal will be those in effect at that time.

In submitting this land use application, the owner/applicant included an initial application fee. Application fees are categorized as "fixed fees" and "billable fees", based on the particular application types. "Fixed fee" applications do not require any additional fees to continue processing. However, when funds associated with a "billable fee" application have been spent, an additional deposit will be required to continue processing the application.

If you have questions regarding the application, please contact me at (408)299-6724 or buyan.batbaatar@pln.sccgov.org.

Sincerely,

Buyan Batbaatar, Assistant Planner
