## General Plan and Zoning Ordinance Updates for Local Serving Uses in Rural Districts

Santa Clara County

*Santa Clara County is proposing minor modifications to some General Plan land use policies and Zoning Ordinance standards to allow practical and effective review and regulation of local-serving uses in rural areas. To document the approach for review of such projects and provide guidance to stakeholders, "Size, Scale and Intensity Guidelines: Industrial, Commercial, and Institutional Uses in Rural Areas" are also being proposed.*

*Two outreach meetings are scheduled to invite the community to provide input regarding the proposed changes.*
