COUNTY FILE #

It is hereby acknowledged that all new utilities for the subject project were required to be installed underground by the advisory agency pursuant to Sections C12-184 (n) and C12-325 of the County Land Development Regulations. I agree to comply with this requirement and all utility company requirements with respect to such service, including the payment of appropriate charges. The necessary arrangements have been made with the utilities involved for the future installation of facilities in accordance with the then effective rules and regulations as approved by the Public Utilities Commission.
