County to Hold a Focused Community Outreach Meeting for Wineries on Proposed Zoning Amendments for Commercial, Institutional, Recreational and Industrial Uses in Rural Zoned Districts

WHAT:

The County of Santa Clara invites existing and proposed winery operators in Santa Clara County to attend a community meeting as it relates to the proposed Zoning Ordinance amendments for certain industrial, commercial, recreational and institutional uses in rural districts. The proposed modifications would subject similar uses to the same zoning ordinance standards addressing size, scale and intensity of uses in order to ensure consistency within individual rural base zoning district.

These standards are not proposed to apply to uses that are identified as primary uses in the rural areas, or uses that are allowed by right, such as single-family residential use, open space or natural resources.
